☆ **Error notification when adding more than 10 tasks to the list**

Environment

Device: Samsung Galaxy S23 Ultra
Operating System: Android 13

Preconditions

The shopping-list application
(<https://drive.google.com/file/d/1wSz1J4Ba-VDgfv82Rlk59EaQ1Ys16ph8/view>) is installed

Steps to reproduce

- *Step 1*
Open the shopping-list application
- *Step 2*
Add 11 tasks consisting of no more than 25 Cyrillic characters

Expected Result

The tasks are created and added to the list

Actual result

The error notification was displayed when adding 11 tasks to the list

☆ **Lack of possibility to add numbers to the tasks**

Environment

Device: Samsung Galaxy S23 Ultra
Operating System: Android 13

Preconditions

The shopping-list application
(<https://drive.google.com/file/d/1wSz1J4Ba-VDgJv82Rlk59EaQ1Ys16ph8/view>) is installed

Steps to reproduce

- *Step 1*
Open the shopping-list application
- *Step 2*
Add a task with numbers

Expected Result

Notification about the need to use the Russian language is displayed

Actual result

The required notification about the need to use the Russian language was displayed

Enhancement

To improve the system behavior in such cases, the option to add numbers to a task can be created because it may be necessary to specify the number of products.
